
Patient Name:	Wendy Butterworth	Date of Birth:	15/03/1946
MRN:	0411817	Procedure date:	12/06/2018

Procedure:	Right lower anterior leg ulcer sharp debridement and washout.
Pre-op diagnosis:	Diabetic ulcer.
Surgeon:	Dr Leonardo Franchesca
Assistant:	Dr Ezra Goldberg (Surgical registrar)

Operation details:

Wound debridement done under general anaesthesia. Wound was cleaned with povidone iodine, necrotic tissue was excised. Wound edge looked non-cancerous. No bony involvement was noted. Good vascular supply on wound edges upon excision. Standard wound dressing applied.
