- NEDA, no regular medications, OCP ceased for surgery.
- nil patient concerns.
- patient adequately fasted.
- Surgery @ 0900.

ENT REG.

17/09/18  
1300

NURSING: Bridie in recovery, alert and comfortable. No pain reported. Bridie requesting a glass of water and light meal. No issues reported from surgery. Plan move to surgical ward when bed becomes available. RL - RN

17/09/18  
1400

NURSING: Bridie transferred from recovery - no issues reported with surgery or recovery. Bridie currently alert and comfortable. Pain 2/10, not requesting PRN. Bridie is allergic to elastoplast which causes a rash - please take care with any dressings. TEDs in place. Bridie is independently mobilising to bathroom. Plan to discharge tomorrow pending ENT review.
