

Your PEP Record Books have been designed to provide a record of your PEP experience. This record will provide you with guidance for your PEP development. You are personally responsible for your PEP Record Book and you are required to follow the following instructions.

- Show your PEP book to your Clinical Partner/Facilitator when you commence your PEP placement to discuss your requirements for the placements.
- Keep this PEP Record Book with you at all times during your PEP placements.
- Keep it clear from food and drinks.
- Do not use white out/ correction fluid or tape under ANY circumstances

*Whilst on PEP placement if no one is available to complete your PEP placement booklet, contact the Clinical Coordinator and they will negotiate with the agency for a report to be completed and forwarded to this university.*

## CHECK LIST

### DO THIS NOW

- Write your name, contact telephone number and student number on the front cover of this book.
- Complete your goals for this placement in your PEP Record Book

### DO THIS EVERY DAY

- Complete your **Daily Attendance Time Sheet** and have your Clinical Partner/Facilitator/RN sign it. Must include evidence of at least one 30 minute-break.

### DO THIS BEFORE YOU LEAVE THE PLACEMENT

- Make sure your Clinical Partner/Facilitator has signed your **Procedures Check List** for procedures performed during this placement.
- Ensure your Clinical Partner/Facilitator has completed and signed your **ANSAT**. (Cannot be signed by an EEN or AIN)
- Review your **Personal Goals** set for this placement; date those you have achieved. Ask your Clinical Partner/Facilitator to help you identify goals for your next placement (if applicable).

### AT THE CONCLUSION OF THIS PLACEMENT

- Submit your completed PEP record book into the Moodle site.
- You **MUST** keep your original PEP record book as it may be called on for auditing purposes.

## LEARNING OUTCOMES AND SETTING PEP GOALS

Upon completion of this unit, students will be able to:

1. develop and apply skills to assess cardiovascular and respiratory system health conditions in order to plan and implement safe person-centred nursing care across the life span;
2. implement and evaluate evidence-based clinical reasoning and the application of the NMBA Registered nurse standards for practice during professional education practice (PEP) to develop and consolidate skills in nursing practice, including recognising and responding to patient deterioration across diverse health contexts;
3. integrate and apply principles of reflective practice, effective communication, and ethical and legal practice within a team approach to person-centred care;
4. apply the principles of medication safety to administer Intravenous medication and fluids, demonstrating patient assessment, documentation and reporting requirements utilising digital technologies; and
5. integrate person-centred, preventative and health promotion strategies to cardiovascular and respiratory conditions.

### SETTING GOALS

PEP goals can be viewed as a well thought out itinerary for your learning. They can give you guidance through PEP, keep you focused on the most important areas and can be used to communicate to others, such as your preceptor or Clinical Facilitator RN. They can offer information such as what you hope to achieve during your PEP and where your interests lie.

PEP goals may be prescribed (such as the competencies you need to achieve in your PEP record book, and you may also develop your own. In any sense the goals should be SMART

Learning goals help you become a safe, effective, competent and confident registered nurse. Your goals will become progressively more sophisticated as you proceed through the program and each semester they will build upon and consolidate what you have already learnt.

<b>1. Goal</b> What do I want to learn? <b>3. Strategy</b> How am I going to learn it?	<b>2. Rational</b> Why do I want to learn it? <b>4. Evidence</b> How am I going to prove that I have achieved my objective?

#### Scoring rules:

- Circle N/A (not assessed) ONLY if the student has not had an opportunity to demonstrate the behaviour
- If an item is not assessed it is not scored and the total ANSAT score is adjusted for the missed item
- Circle ONLY ONE number for each item
- If a score falls between numbers on the scale the higher number will be used to calculate a total
- Evaluate the student's performance against the MINIMUM practice level expected for their level
